

Museum Docent Guided Tours

Docent Guided Tours of the Museum include all galleries plus changing exhibits. Museum docents serve as tour guides to interpret the exhibits and to answer questions. This tour is adapted to the age of our visiting students. Docent Guided Tours will take a minimum of two hours to complete. Of course, if you have time constraints or particular interests, we can work with you to construct a tour that fits your needs. Please contact Cassandra Johnson at 336-786-4478 ext 228 or by email cmjohnson@northcarolinamuseum.org to arrange a guided tour.
